Forward-Looking Statements

This website contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements, other than statements of historical facts, that address activities, events or developments that Amplify Energy expects, projects, believes or anticipates will or may occur in the future are forward-looking statements. Terminology such as "may," "will," "could," "expect," "plan," "project," "intend," "anticipate," "believe," "estimate," "predict," "potential," "pursue," "target," the negative of such terms or other comparable terminology often identify forward-looking statements. These statements are based on certain assumptions made by Amplify Energy based on its experience and perception of historical trends, current conditions, expected future developments and other factors it believes are appropriate in the circumstances. These statements are not guarantees of future performance and are subject to a number of risks, uncertainties and other factors, many of which are beyond the control of Amplify Energy, which may cause Amplify Energy's actual results to differ materially from those implied or expressed by the forward-looking statements. Please read Amplify Energy's filings with the Securities and Exchange Commission ("SEC"), including its most recent Annual Report on Form 10-K and subsequent Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, for a discussion of risks, uncertainties and other factors that could cause actual results to differ from those in such forward-looking statements. Unless legally required, Amplify Energy undertakes no obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise.

Other Cautionary Note

The SEC permits oil and gas companies, in their filings with the SEC, to disclose only proved, probable, and possible reserves that meet the SEC's definitions for such terms. Amplify Energy may use certain terms on this website, such as "original oil in place," "resources," "resource potential," "net risked resources," "recoverable

resources,” “gross resources,” “resource opportunity,” and similar terms, that the SEC’s guidelines strictly prohibit Amplify Energy from including in filings with the SEC. You should not assume that such terms are comparable to “reserves,” including proved, probable or possible reserves, under SEC rules or represent estimates of future production from properties. Such terms do not take into account the certainty of resource recovery, which is contingent on exploration success, technical improvements in drilling access, commerciality and other factors, and are therefore not indicative of expected future resource recovery and should not be relied upon. Investors are urged to consider closely the disclosure in Amplify Energy’s most recently filed Annual Report on Form 10-K, and its other filings with the SEC. Amplify Energy’s Annual Report on Form 10-K and other filings with the SEC are available from Amplify Energy at <http://www.amplifyenergy.com> or by writing to Amplify Energy at: 500 Dallas Street, Suite 1600, Houston, Texas 77002. You may also obtain these filings from the SEC by calling 1-800-732-0330 or from the SEC’s website at www.sec.gov.

Miscellaneous

Should any part of these Terms be held invalid or unenforceable, that portion shall be construed consistent with applicable law and the remaining portions shall remain in full force and effect. To the extent that anything in or associated with the website is in conflict or inconsistent with these Terms, the Terms shall take precedence. Our failure to enforce any provision of these Terms shall not be deemed a waiver of such provision nor of the right to enforce such provision. Our rights under these Terms shall survive any termination of this website.
