Supplemental Presentation – Commodity Hedging Overview | May 9, 2018

## Forward-Looking Statements

This presentation and the oral statements made in connection therewith contain forward-looking statements. All statements, other than statements of historical facts, included in this presentation or made in connection therewith that address activities, events or developments that Amplify Energy Corp. (“AMPY”, “Amplify” or the “Company”) expects, believes or anticipates will or may occur in the future are forward-looking statements. Terminology such as “will,” “would,” “should,” “could,” “expect,” “anticipate,” “plan,” “project,” “intend,” “estimate,” “believe,” “target,” “continue,” “on track,” “potential,” the negative of such terms or other comparable terminology are intended to identify forward-looking statements. These statements include, but are not limited to, statements about estimates of AMPY’s oil and natural gas reserves, AMPY’s future capital expenditures (including the amount and nature thereof), expectations regarding future cash flows, and expectations of plans, strategies, objectives and anticipated financial and operating results of AMPY, including as to production, lease operating expenses, hedging activities, commodity price realizations, capital expenditure levels and other guidance included in this presentation. These statements are based on certain assumptions made by AMPY based on its experience and perception of historical trends, current conditions, expected future developments and other factors it believes are appropriate in the circumstances, but such assumptions may prove to be inaccurate. Such statements are also subject to a number of risks and uncertainties, many of which are beyond the control of AMPY, which may cause AMPY’s actual results to differ materially from those implied or expressed by the forward-looking statements. These include risks and uncertainties relating to, among other things, the ability to improve AMPY’s financial results and profitability following its emergence from bankruptcy; AMPY’s efforts to reduce leverage and its level of indebtedness, including its ability to satisfy its debt obligations; the uncertainty inherent in the development and production of oil, natural gas and natural gas liquids and in estimating reserves; risks associated with drilling activities; risks related to AMPY’s ability to generate sufficient cash flow to make payments on its debt obligations and to execute its business plan; AMPY’s ability to access funds on acceptable terms, if at all, because of the terms and conditions governing AMPY’s indebtedness or otherwise; AMPY’s ability to maintain relationships with suppliers, customers, employees and other third parties following its emergence from bankruptcy; potential difficulties in the marketing of, and volatility in the prices for, oil, natural gas and natural gas liquids, including a further or extended decline in commodity prices; competition in the oil and natural gas industry; potential failure or shortages of, or increased costs for, drilling and production equipment and supply materials for production; risks related to acquisitions, including AMPY’s ability to integrate acquired properties or entities; and the risk that AMPY’s hedging strategy may be ineffective or may reduce its income. These and other important factors could cause actual results to differ materially from those anticipated or implied in the forward-looking statements. You are cautioned not to place undue reliance on any forward-looking statements, which speak only as of the date of this presentation. All forward-looking statements included in this presentation or made in connection therewith are qualified in their entirety by these cautionary statements. Please read AMPY’s filings with the Securities and Exchange Commission (the “SEC”), including “Risk Factors” in AMPY’s Annual Report on Form 10-K, AMPY’s Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, which are available on AMPY’s Investor Relations website at <http://investor.amplifyenergy.com/sec.cfm> or on the SEC’s website at [www.sec.gov](http://www.sec.gov), for a discussion of risks and uncertainties that could cause actual results to differ from those in such forward-looking statements. Except as required by law, AMPY undertakes no obligation and does not intend to update or revise any forward-looking statements, whether as a result of new information, future results or otherwise.
